1: Nationalist Democracy

A government of enlightenment

Our current democracy is being used against us as a weapon in our own destruction. We now have three generations of adults brought up and indoctrinated by the deception that our democracy is our freedom. Voting for people who are plotting against you is not freedom. Free people know the truth and live under just rule. Currently candidates are selected by their party either because they are suitably malignant or suitably ignorant and malleable. Despite their claims and the fact they are supposed to work in the best interests of their constituents they do not represent you. They represent vested interests, themselves and their own dangerous fantasies. They do not respect their constituents but play a game of lies and deception in order to be re-elected. It makes no difference which of the Lib/Lab/Con or any other party enslaved by political correctness you vote for because the outcome is the same in the end: Our destruction. Multi party democracy is a proven failure, a tool for division, corruption and subversion. It is nothing more than the power of deception over the deceived.

Solution: The nation is the party and the people are its members, constituents and elected leaders.

A nation must be governed by the truth with the best interests of all it's people at heart. The truth of course requires people to find it and then defend it. The truth is both found and defended by hard questioning.

From among the people national and local leaders will be found and selected based on merit and public examinations open to all. Then from these the people will vote some into parliament and others into local councils. The elected leaders seek the best solution for the people and

place their bills directly before the public to judge, doing away with the house of Lords whose membership is currently given as reward to people for their subversive contributions to the New World Order.

While this system will filter out those unable to govern competently it still risks subversives slipping through. But as everyone then will know what forms subversion takes, such people will easily be identified and dealt with by the law before any lasting damage has been done.

Local Level

As much power as possible must be devolved to county and town level. Publicly elected councillors would be required to come to the best decision based on intelligent inquiry and debate. Proceedings would be made readily available to the public and all councillors would be asked to justify the way they voted in writing. Subversives would find it difficult to deceive an enlightened public and impossible to deceive everyone.

2: Nationalist Religion

Combine Christianity and Apollonian Philosophy

A religion needs to be a rock, solid, visible to all, easy to understand and therefore incorruptible. It cannot be contrary or immoral, it cannot be petty or too severe else people will lack respect and turn against it. If fear is the power that holds it together, breakdown and rebellion are a constant threat. "Honour" killings, burnings and stonings may protect it for a while but they don't make it a rock, they demonstrate only weakness or misunderstanding. Real strength comes from respect not fear. Respect comes from balance and people understanding why, love comes because it is honourable.

Apollonian Philosophy:

Apollonian philosophy is the embodiment of order, moderation, reason, culture, harmony, restraint, practicality, honour, truth and light.

It is compatible with Christianity. In fact you can't have one without the other, together they are a rock.

The Problem

Jeremiah 7:9-11 New International Version (NIV)

9 "Will you steal and murder, commit adultery and perjury, burn incense to Baal and follow other gods you have not known, 10 and then come and stand before me in this house, which bears my Name, and say, "We are safe" safe to do all these detestable things? 11 Has this house, which bears my Name, become a den of robbers to you? But I have been watching! declares the Lord."

Ezekiel 22:23-29 (NIV)

23 Again the word of the Lord came to me: 24 "Son of man, say to the land, 'You are a land that has not been cleansed or rained on in the day of wrath.' 25 There is a conspiracy of her princes within her like a roaring lion tearing its prey; they devour people, take treasures and precious things and make many widows within her. 26 Her priests do violence to my law and profane my holy things; they do not distinguish between the holy and the common; they teach that there is no difference between the unclean and the clean; and they shut their eyes to the keeping of my Sabbaths, so that I am profaned among them. 27 Her officials within her are like wolves tearing their prey; they shed blood and kill people to make unjust gain. 28 Her prophets whitewash these deeds for them by false visions and lying divinations. They say, 'This is what the Sovereign Lord says' when the Lord has not spoken. 29 The people of the land practice extortion and commit robbery; they oppress the poor and needy and mistreat the foreigner, denying them justice."

Isaiah 48:8-11 (NIV)

8 You have neither heard nor understood; from of old your ears have not been open. Well do I know how treacherous you are; you were called a rebel from birth. 9 For my own name's sake I delay my wrath; for the sake of my praise I hold it back from you, so as not to destroy you completely. 10 See, I have refined you, though not as silver; I have tested you in the furnace of affliction. 11 For my own sake, for my own sake, I do this. How can I let myself be defamed? I will not yield my glory to another.

Revelation 2:9 (NIV)

9 "I know your afflictions and your poverty, yet you are rich! I know about the slander of those who say they are Jews and are not, but are a synagogue of Satan."

Revelation 3:9 (NIV)

9 "I will make those who are of the synagogue of Satan, who claim to be Jews though they are not, but are liars. I will make them come and fall down at your feet and acknowledge that I have loved you."

Romans 2:22 (NIV)

22 As it is written: "God's name is blasphemed among the Gentiles because of you."

The Solution Apollonian Christianity

The Name of Apollon by Lykeia

"To promote order and justice, Apollon must enforce it by the destruction of that which is against nature or violates the social contract, that is to say the rules by which people peacefully and successfully live together and upon which they agree. It is for this reason that Apollon gives a voice in the assembly to everyone to have an equal say in their society and therefore embodies all that we enjoy from a democratic state. No man can block the freedom of another when all are in council with shared citizens' privilege to speak equally."

The Name of Apollon by Lykeia

"Apollon as destroyer, as the god of what is essentially "order" targets disruptive elements that can be characterised as "darkness" or "evil". This likewise is reflected in the image of Apollon as the archer, if we consider that the arrow is likened to rays of light and the god is at the apex of his shower of darts, making them move together in their course towards their target."

The Name of Apollon by Lykeia

"Therefore the protective and destructive powers of Apollon are one and the same, as the destructive nature of the god is often bent toward

maintaining the harmony of a thing by destroying that which corrupts its purity and natural balance. In this fashion the destroyer is beneficial to humanity and the cosmos, and his harsher nature is tempered by his compassion towards humanity as a whole, the same compassion that compelled him to mythically plead our case during one of his father's rages against the human race. In this respect destruction cannot be bad, but rather a good as a cosmic necessity."

The Name of Apollon by Lykeia

"Through the mechanism of music Apollon promotes continual concord and likewise permanently binds together the separated multitude into a whole."

The Name of Apollon by Lykeia

"So profound were the effects of his songs of obedience and concord that they were said to have influenced the minds of listeners to renounce their animosities and reunite in fraternity."

The Name of Apollon by Lykeia

"Apollon merely brings about the timely end of life, and most especially for those who are esteemed by him, when their allotted period on earth comes to an end. Such is the case recounted by Homer in the Odyssey when he speaks of the Island of Syria. There, he says, men and women do not age, but rather, at the end of their lives are slain, the men by the arrows of Apollon, and the women by those of his twin Artemis."

The Name of Apollon by Lykeia

"A not insignificant part of Apollon's function as destroyer deals with the maintenance and restoration of purity of the body and of the soul's natural harmonic tendency."

The Name of Apollon by Lykeia

"This too is extended to the nature of the soul that depends on its periodic cleansing and the renewal between lives for its well being."

The Name of Apollon by Lykeia

"Thereby, regardless of one's personal view of the philosophy, even here we find elements of the common regard of Apollon as destroyer, the purifier (or washer), the one who directs harmonious movement and the god who unifies or brings all into assembly."

The Name of Apollon by Lykeia

"Apollon as oracle shares a great commonality too with Apollon as shepherd and Apollon as Agyicus of the road, which may be more relevant to the modern worshiper. In the former he is a protective caregiving guide and in the later a god who manages all that is carried along the roads and guards against that which is unfavorable as he illuminates the path to one's home or destination."

The Name of Apollon by Lykeia

"Apollon indicates the road that one must go down or which road one is currently traveling."

The Name of Apollon by Lykeia

"Considering him as a god who indicates the road towards harmony."

John 15:13-15 (NIV)

13 "Greater love has no one than this: to lay down one's life for one's friends. 14 You are my friends if you do what I command. 15 I no longer call you servants, because a servant does not know his master's business. Instead, I have called you friends, for everything that I learned from my Father I have made known to you."

Ezekiel 18:19-20 (NIV)

19 "Yet you ask, 'Why does the son not share the guilt of his father?' Since the son has done what is just and right and has been careful to keep all my decrees, he will surely live. 20 The one who sins is the one who will die. The child will not share the guilt of the parent, nor will the parent share the guilt of the child. The righteousness of the righteous will be credited to them, and the wickedness of the wicked will be charged against them.

Romans 14:1-3 (NIV)

1 Accept the one whose faith is weak, without quarreling over disputable matters. 2 One person's faith allows them to eat anything, but another, whose faith is weak, eats only vegetables. 3 The one who eats everything must not treat with contempt the one who does not, and the one who does not eat everything must not judge the one who does, for God has accepted them.

Romans 14:5-6 (NIV)

5 One person considers one day more sacred than another; another considers every day alike. Each of them should be fully convinced in their own mind. 6 Whoever regards one day as special does so to the Lord. Whoever eats meat does so to the Lord, for they give thanks to God; and whoever abstains does so to the Lord and gives thanks to God.

1 Corinthians 10:13 (NIV)

13 No temptation has overtaken you except what is common to mankind. And God is faithful; he will not let you be tempted beyond what you can bear. But when you are tempted, he will also provide a way out so that you can endure it.

Colossians 3:5 (NIV)

5 Put to death, therefore, whatever belongs to your earthly nature: sexual immorality, impurity, lust, evil desires and greed, which is idolatry.

1 Peter 4:6 (NIV)

6 For this is the reason the gospel was preached even to those who are now dead, so that they might be judged according to human standards in regard to the body, but live according to God in regard to the spirit.

Hebrews 10:26 (NIV)

26 If we deliberately keep on sinning after we have received the knowledge of the truth, no sacrifice for sins is left.

Hebrews 8:13 (NIV)

13 By calling this covenant "new," he has made the first one obsolete: and what is obsolete and outdated will soon disappear.

1 John 5:3 (NIV)

3 In fact, this is love for God: to keep his commands. And his commands are not burdensome.

John 14:6 (NIV)

6 Jesus answered, "I am the way and the truth and the life. No one comes to the Father except through me."

John 14:2 (NIV)

2 My Father's house has many rooms; if that were not so, would I have told you that I am going there to prepare a place for you?

Matthew 20:1-16 (NIV)

1 "For the kingdom of heaven is like a landowner who went out early in the morning to hire workers for his vineyard. 2 He agreed to pay them a denarius for the day and sent them into his vineyard.

3 "About nine in the morning he went out and saw others standing in the marketplace doing nothing. 4 He told them, 'You also go and work in my vineyard, and I will pay you whatever is right.' 5 So they went. "He went out again about noon and about three in the afternoon and did the same thing. 6 About five in the afternoon he went out and found still others standing around. He asked them, 'Why have you been standing here all day long doing nothing?'

7 "'Because no one has hired us,' they answered. "He said to them, 'You also go and work in my vineyard.'

8 "When evening came, the owner of the vineyard said to his foreman, 'Call the workers and pay them their wages, beginning with the last ones hired and going on to the first.'

9 "The workers who were hired about five in the afternoon came and each received a denarius. 10 So when those came who were hired first, they expected to receive more. But each one of them also received a denarius. 11 When they received it, they began to grumble against the landowner. 12 'These who were hired last worked only one hour,' they said, 'and you have made them equal to us who have borne the burden of the work and the heat of the day.'

13 "But he answered one of them, 'I am not being unfair to you, friend. Didn't you agree to work for a denarius? 14 Take your pay and go. I want to give the one who was hired last the same as I gave you. 15 Don't I have the right to do what I want with my own money? Or are you envious because I am generous?'

16 "So the last will be first, and the first will be last."

3: Nationalist Economy

Mass immigration and capitalism are used by the synagogue of Satan to impoverish the people and create revolutionary conditions. They can grow GDP by growing the population and increasing spending with more debt but they do so by making the people poorer. It isn't happening by accident! They use the screen of capitalism to reduce wages and make housing unaffordable and then tell people the solution is slavery and not being able to own a home at all under communism!

Banking and Interest

The idea that an individual or group of individuals can own a business that creates money out of thin air and lends to the public or anyone else for interest is just wrong. Nationalised high street banks would lend to the public and business on a low fixed interest. Usury would be outlawed.

Housing

Nobody needs to own more than one home! By buying a second home or several for rental an individual is putting his wants above others needs. This pushes up the price of housing for those less fortunate and provides the landlord with an income that has a negative impact of society. If only those living in a property can own it, price competition for housing is greatly reduced and prices fall making homes affordable for all, while council housing would still be provided to those with genuine need of it.

Income

Immigration reduces wages as workers can be found from outside the nation and brought in to do jobs for less. Jobs can also be outsourced and done overseas. Both have a negative effect on wages and wealth distribution. If jobs can't be outsourced and workers can't be imported then employers are forced to compete for workers just like they have to

compete for customers. This means increases in wages as well as increased opportunities for advancement as employers would have to invest in training rather than import workers at the expense of national talent. The best companies would be able to afford the best wages. While companies producing goods and services that are shoddy or unwanted would fail due to their inability to compete for workers as well as their inability to attract customers. Too many workers in the marketplace and companies can afford to pay them badly, chew them up and spit them out. While a tight labour market without immigration forces improvements in training, education, pay and conditions. Value comes from scarcity while easy access to workers from overseas simply increases poverty and denies opportunities to our own people.

Taxation

Income taxes would be much lower than present as a nationalist government would be free of Marxist and capitalist subversion which serves only to line the pockets of the elite, impoverish the people, and waste as much money as possible as a means of eventually collapsing the economy under debt. Council tax would be abolished as the best and quickest means of putting more money in peoples pockets. Council services would be funded by government. VAT would be abolished for all goods and services that are produced in the UK including building works and repairs. The rate of VAT imposed on foreign goods would vary according to need. So for example oranges and bananas would be zero rated while plastic tat made in China would be taxed out of the market.

Pensions

National Insurance contributions are currently thrown into the black hole of Government debt. There is no fund. This is a fraud that would have the directors of a pension/insurance company arrested. NI is used by the government as a stealth tax and needs to be abolished. Replaced by a personal investment trust fund that the government is required to pay a

lump sum into at birth, this can then be topped up throughout one's working life providing up to 65 years growth on the original investment. Pension funds will not be taxed by a Nationalist government.

Nationalisation

Reality is some things can be done more efficiently by a monopoly. Gas, electricity, water, trains and the Royal Mail would all be nationalised and run for the benefit of the people. The amount the public would pay for these services would be enough to cover costs including infrastructure investments. Efficiency over profit when it comes to vital public services. Marxists mismanage and subvert, Nationalists would manage these services efficiently and properly.

Currency

Silver backed currency. One Pound will be worth one pound weight of 925 Sterling Silver. To keep things simple one Pound will consist 100 Schillings and each Schilling one hundred Pence.

4: Nationalist Society

The safest most stable society is not diverse. It is made up of one people and one religion working together for the common good. Deliberately introduce different races and religions and the outcome is entirely predictable : Societal breakdown and oppression. This isn't racism or bigotry its the difference between a society that endures and one that collapses into a blood bath and tyranny.

NHS

Without the burden of mass immigration, Marxist subversion and an incompetent political class the NHS could be the Rolls Royce of medical services without needing to spend one extra penny. Employing medical staff from overseas deprives other countries of much needed talent. You don't really believe our people are incapable of being trained to do these jobs, do you?

Welfare

Benefits are supposed to provide a safety net for those who are in genuine need. The Marxist strategy of paying people to sit round all day so they can then call them lazy and import workers instead will end.

Family

The best way to bring up children is in families. Marriage will be encouraged and motherhood cherished. While all the cultural Marxist ideas on the subject will be swept away.

Education

Subversion of the education system will stop. Schools will no longer fail and lie to our children. Every child will leave school knowing they are valuable, needed and have a real and worthwhile contribution to make.

University education would be paid for by the state and would train our people to do the jobs society really needs so no more media studies etc.

Media and Advertising

All newspapers, radio stations, tv channels and advertising agencies must be British owned. Individuals and companies must not own more than one. State controlled media like the BBC will be improved, simplified and reduced in size. 2 tv channels and 5 radio stations. Local radio would be left to the private sector. With the licence fee abolished the service would be free to air.

Law and Order

All laws, rules and regulations that were created to advance the interests of the New World Order and big business will be torn up. The law will be simplified and new subversion and treason laws would be created. Real freedom means just rule by elected leaders who tell the truth and have the best interests of the people at heart. The best defense against nation wrecking subversion are sound, clear, incorruptible laws, the need for which are easily understood by all.

Naturalisation

Those immigrants who want to be reincarnated white British may stay if they don't have more/any children. White European immigrants wishing to have children must change their names to British ones. Common sense required.

5: Nationalist Defence

Defence spending would increase. Bureaucracy, corruption and waste would be minimised, particularly as much of it is subversive in nature. All material and equipment would be manufactured in the UK.

Equipment would be of the highest standard. In the event we are unable to design items of the highest quality in a timely manner (The SA80 for example) we would seek to manufacture under license in the UK the very best foreign designed equipment.

People/companies will not make profits from wars. In the event of a war suppliers would be expected to maintain their peace time rate of profit. So if their net profit was ten Pounds per item and we required ten times the usual number we would expect their profit per item to fall to one Pound. Any defence company found profiteering would either be nationalised or another supplier would be found. Directors of profiteering companies would be held liable.

All former military personnel would be guaranteed employment and training in the nationalised industry or government/council service of their choice. The current system wastes the talent and dedication of our service people quite deliberately.

The armed forces will no longer be sent on missions whose only aim is to waste the lives of patriots, rack up debt, make money for oil/defence companies and destabilise the world for the New World Order.

6: Nationalist Policing

The vast majority of people who join the police do so because they want to make society safe for its citizens. They are good people who are being used and lied to. They too are the victims of government deception, rules and regulations.

The government wants you to hate the police because it wants to force the police to defend their "democracy" right up to the moment they intend to discard it and have those same police men and women savaged by a communist mob.

We are a long way from the friendly bobby of the 1950's who everyone knew and respected. That's because "progress" is revolutionary and requires increasing levels of oppression until it finally collapses. Without the subversion the immigration and lies the only real difference in policing today would be provided by scientific and technological advancements.

Under Nationalism the police force would exist to serve it's citizens not its politicians. There would be more police on the streets with much less paperwork and they would again be the reassuring presence they used to be.
